

Building social value beyond conservation in the Archaeological Park of Paestum and Velia

February-May 2025
Workshop 4cfu

Archaeological parks of Paestum and Velia

The workshop focuses on exploring and implementing new methods to enhance the park's social value through the regeneration of its landscape, integrating architecture, community value, and relationship with the contemporary environment.

Location: Archaeological Parks of Paestum and Velia

Language: Italian/English

Program:

1. **November 2024 - January 2025** | Kick-off and thematic in-depth seminars on general topics: four days of remote study, each managed by one of the partner universities;
2. **January - February 2025** (to be defined with all partners) On-site activities, visits to the Archaeological Park of Paestum and Velia, and an intensive/full-time in-person working session with all teachers and students (in Naples, at Palazzo Latilla, used by DiARC/Università degli Studi di Napoli "Federico II");
3. **March 2025** | Off-site intensive working session, conducted by each research group at their respective location, towards final project definition;
4. **May 2025** | exposition/round table, final presentation at the Museo Archeologico Nazionale di Paestum with exhibition setup, conference and publication presentation.
