

Brief description and notes (economic contribution if provided)

In June 2025 will be held in Toronto the First International Workshop organized by Conifer at OCAD University in partnership of many Schools around the world including Politecnico di Milano's School of Architecture Urban Planning Construction Engineering (AUIC) and School of Design. The workshop will take place OCAD University in Toronto, Canada, from 9th to 14th of June 2025 and will focus on student housing. The selected projects cover areas such as city planning, architecture and interior design, urban agriculture, heritage conservation and revitalization, and will also include students in environmental design, graphic design, brand design, and business design.

The estimated cost for the participation is about 1.495,00 euro and it includes: intercontinental flights tickets; overnights accommodation in rooms for 4 people, including breakfast; transfers from / to the airport; costs for material (prints, paper material, etc ...); excursions to the area of Niagara area; 5 lunches . The cost will be confirmed at the time of the final payment due to the Euro-Canadian Dollar exchange rate, airport taxes/fuel surcharges and the number of participants
